Item No . TFB435-26 INSTALLATION INSTRUCTIONS

Please read carefully and save these instructions, as you may need them at a later date.

CAUTION

WARNING: Risk of Fire. Consult a qualified electrician to ensure correct branch circuit conductor. Min 90°C supply conductors.

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.

GENERAL

All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

ASSEMBLY AND INSTALLATION

1. Place the base (12) on the floor.
2. Thread lower pole (11) into base (12) and turn clockwise to tighten securely.
3. Thread upper pole (10) into lower pole (11) and turn clockwise to tighten securely.
4. Screw stem (4) into coupling (5).
5. Place shade (3) and rubber washer (2) over stem (4) and secure with finial (1).
6. Adjust the central rod (8) to your desired height and secure it tightly with clamping lever (9).
7. Install a 100 watt maximum medium base bulb (not included) into each socket.

INSTALLATION IS NOW COMPLETED
